

## Brinker Water Supply Corporation RATES AND FEES

Brinker Water Supply provides safe dependable water to our customer, both now, and in the future. Our goal is to sustain our water resources, and to control costs.

The cost of providing water service continues to grow. Electricity, materials, fuel, labor, repairs, insurance, state mandated fees (TCEQ), meeting government regulations, and maintenance cost have all increased.

Due to the above factors, it has become necessary to raise water usage rates to maintain and keep our system updated. The following rate adjustments will be effective January 1, 2026.

Change in monthly minimum from \$28.00 to \$35.00

### NEW SERVICE-STANDARD

Tap & Box Required

Gallonage will be on the following Tier Rate:
